Dear Potential Conference Presenter,

Enclosed, please find a copy of the **10th Annual Bluegrass Regional Grandparents As Parents (GAP) Conference Request for Presentations** for your review and consideration. We encourage you to review the packet and consider if your interests, research, studies, or current expertise might lend itself to an interesting, informative, or educative presentation for grandparent and older relative caregivers of children.

Please feel free to contact me either by e-mail or telephone if you have any questions or concerns that I might be able to assist with. I know I speak for the entire conference planning committee when I say we are very much looking forward to receiving your presentation proposal. We hope to be able to make a decision about your proposal and select from among those received by early November, 2011.

Sincerely,

David
